

```
smacc_viewer.introspection  
_container.ContainerProxy.  
_status_pub_loop
```

```
graph LR; A["smacc_viewer.introspection  
_container.ContainerProxy.  
_status_pub_loop"] --> B["smacc_viewer.introspection  
_container.ContainerProxy.  
_publish_status"]
```

A diagram showing a call from the `_status_pub_loop` method to the `_publish_status` method. The left box is shaded gray and the right box is white. A blue arrow points from the left box to the right box.

```
smacc_viewer.introspection  
_container.ContainerProxy.  
_publish_status
```
