

sm\_dance\_bot::string  
\_publisher\_client::CbString  
Publisher::onExit

```
graph LR; A["sm_dance_bot::string  
_publisher_client::CbString  
Publisher::onExit"] --> B["smacc::SmaccPublisherClient  
::publish"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box has a light gray background and contains three lines of text: 'sm\_dance\_bot::string', '\_publisher\_client::CbString', and 'Publisher::onExit'. The right box has a white background and contains two lines of text: 'smacc::SmaccPublisherClient' and '::publish'.
