

```
boost::statechart::  
event< EvKeyPressJ<  
    TSource, TObjecTag > >
```

The diagram shows two class boxes. The top box is white and contains the text 'boost::statechart::event< EvKeyPressJ< TSource, TObjecTag > >'. The bottom box is gray and contains the text 'sm\_three\_some::EvKeyPressJ< TSource, TObjecTag >'. A blue arrow with an open triangle head points from the bottom box to the top box, indicating inheritance.

```
sm_three_some::EvKeyPress  
J< TSource, TObjecTag >
```
