

smacc::SmaccSubStateBehavior  
::getName

```
graph LR; A["smacc::SmaccSubStateBehavior::getName"] --> B["demangleSymbol"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is light gray with a black border and contains the text 'smacc::SmaccSubStateBehavior' on the top line and '::getName' on the bottom line. The right box is white with a black border and contains the text 'demangleSymbol'. A dark blue arrow points from the right side of the left box to the left side of the right box.
