

```
boost::statechart::  
event< EvKeyPressP<  
    TSource > >
```

The diagram shows two class boxes. The top box is white and contains the text 'boost::statechart::event< EvKeyPressP< TSource > >'. The bottom box is gray and contains the text 'dance\_bot::EvKeyPressP< TSource >'. A blue arrow with an open triangular head points from the bottom box to the top box, indicating that 'dance\_bot::EvKeyPressP' inherits from 'boost::statechart::event'.

```
dance_bot::EvKeyPressP  
< TSource >
```
