

```
boost::statechart::  
event< EvKeyPressN<  
    TSource, TObjectTag > >
```

The diagram shows two class boxes. The top box is white and contains the text 'boost::statechart::event< EvKeyPressN< TSource, TObjectTag > >'. The bottom box is gray and contains the text 'sm\_three\_some::EvKeyPressN< TSource, TObjectTag >'. A blue arrow with an open triangle head points from the bottom box to the top box, indicating inheritance.

```
sm_three_some::EvKeyPress  
N< TSource, TObjectTag >
```
